

SatKing ORBIT

Fully Automatic Satellite TV System

The SatKing Orbit is the latest fully automatic Satellite TV dish to hit the Australian market. No need to manually dishes on the ground to watch TV anymore. Simply combine this system with a VAST or Foxtel Satellite receiver and you will be watching TV anywhere in Australia within 80 seconds.

The Orbit has a 85CM high gain dish to provide coverage for VAST & Foxtel Australia wide. Just press OK, simple.

Utilising the latest in GPS technology to locate your exact location, the Orbit will quickly locate the desired satellite signal.

The SatKing Orbit is built for harsh Australian conditions, it's rugged, well made with all metal drive gears. Designed in Australia and produced in Korea, the unit is perfect for travelling off the beaten track.

The SatKing Orbit is backed with a 2 year Australian warranty and fully supported by SatKing, a big Australian-owned company. Need assistance or help whilst on the road? Don't worry, we have a 1300 helpline to assist you on your travels.
